MAKE MORE MONEY MAKE IT 3X FASTER

**POINTX® II OFFERS THE MOST ACCURATE
DAMAGE ESTIMATION**

PointX II is the fastest way to identify any alignment issues before starting the repair.

Estimate the severity of the damage — choose from dozens of measurement points and rely on the high-end technology to get the most accurate diagnosis.

The point-to-point measurements can be made on a two-post lift, a rack or directly on the floor. Make a full diagnosis and printout the results.

- Show the damage estimation results to the insurance company and generate more insurance-driven business

**REAL-TIME DATA PROCESSING:
POINT, CLICK, DONE!**

PointX II integrated with **Vision2 PointX** software can quickly measure and transmit the results to the computer in real-time.

With just one click the **Vision2 - PointX software** displays the adaptor's position on-screen. Within seconds you are able to know if the points measured follow the OEM standards.

- Photo-based **Vision2** guides you through the entire measuring process
- Intuitive workflow, easy-to-use software
- Comprehensive database

**ENSURE YOUR WORK TO THE INSURANCE
COMPANY AND GET MORE CLIENTS**

The final report illustrates that the repair was properly completed and that the vehicle has been returned to its previous (pre-collision) condition. Print the repair results and compare¹ with the pre-repair diagnostic. Improve trust in your body shop and get even more repairs from insurance companies.

¹ It is necessary to have an initial and a final order.

- Ensure that the vehicle is returned in OEM standard conditions
- Reinforce the trust in your body shop
- Quality repairs generate more business
